Meeting Minutes and Budget Narration for Office Setup

Meeting Date: 05 March 2026
Time: 9:35 AM – 1:00 PM

Purpose:

Planning and budgeting for the establishment of a formal physical office and commencement of operations.

Following several preparatory meetings, we held a planning meeting on **05 March 2026** to finalize arrangements regarding the establishment of its formal office and operational setup. The following agenda items were discussed and agreed upon:

1. Office Space

It was confirmed that the company has secured office space at PAPU Tower, measuring 36 square meters at a rate of USD 12 per square meter plus VAT.

The rental terms are as follows:

- The rent includes service charges.
- The rent excludes electricity bills and generator fuel costs, In cases where there is a power outage, will be charged separately.
- Rent is payable every six (6) months and the company must pay one month's rent as a security deposit.

The initial payment will include six months' rent plus one month security deposit, payable during the first week of April 2026.

PAPU has granted OMA a one-month grace period from 1st April 2026 to complete the office setup.

However, to accommodate possible adjustments and unforeseen expenses, the **approved working budget for the office establishment has been set at TSHS 35,000,000**.

Conclusion

The meeting resolved that the company will proceed with the office setup immediately so that formal operations can commence after completion of the installations and furnishing activities within the grace period provided by the landlord.

For the purpose of **capital injection into the company**, the approved setup cost of **TSHS 35,000,000** shall be **distributed equally among the four shareholders** as part of their capital contribution to the company.

However, for the purpose of **actual financial contribution**, the amount will be contributed by **three shareholders only**, **Paul**, **Salema** and **Loyce**

The fourth shareholder, **Kyara**, will contribute **intellectually rather than financially**, as he is the **key person responsible for the intellectual input and technical expertise related to the core services that the company intends to offer**.
